

FY 2007 4th Quarter Workshop Report

Introduction

Four jurisprudence workshops were conducted during the fourth quarter (June, July and August):

Arlington - June 6th and 7th, 2007

Austin - August 1st and 2nd, 2007

The break down of nurses attending these workshops were:

	<u>LVNs</u>	<u>RNs</u>	<u>Total</u>
Arlington (both days)	136 (21%)	527 (79%)	663
Austin (both days)	80 (19%)	349 (81%)	429

Summary of Workshop Evaluations

Participant Satisfaction

1. Course Content Relevant to Objectives:

Arlington (both days)	98.0%
Austin (both days)	97.4%

2. Content fulfilled nurse's personal objectives:

Arlington (both days)	97.0%
Austin (both days)	97.9%

Comments from Participants at the Workshops

"I wish I'd taken this conference immediately after nursing school. This conference should be highly recommended to new nurses within one year of obtaining their license". - Arlington Nurse

"Thank-you for the great information and updates. I have attended this workshop prior and recommend this for all nurses. Some nurses have no idea about the NPA and rules, they are just treading water. I think this course should be required by all nurses. You do a great job. Thank-you". - Austin Nurse

Future Workshops

The "Nursing in Texas: A Regulatory Foundation for Safe Practice" workshop schedule for 2008 is currently in the planning stages.
