

### Status Report On Programs With Sanctions

**Background on Approval Status:**

- A new nursing education program is placed on initial approval when they are approved by the Board. The program will usually be moved to full approval following graduation of the first cohort of students, evidence of compliance with education rules, and an acceptable NCLEX® examination pass rate.
- A program on initial status may be moved to initial with warning if the first two years of NCLEX examination pass rates are below 80%.
- A program will remain on full approval based upon compliance with the education rules, a satisfactory NCLEX® examination pass rate, and other pertinent information (such as accreditation status, complaints about the program, etc.).
- The approval status will be moved from full to full with warning if the program is not in compliance with Board rules or if the program experiences a lower than 80% NCLEX® examination pass rate for two consecutive years.
- The approval status may be moved to conditional if the program has serious compliance issues or if the program experiences a third year with a lower than 80% NCLEX® pass rate.
- All changes in approval status are made by a decision of the Board.
- The examination year for professional programs is October 1 through September 30.
- The examination year for vocational programs is January 1 through December 31.

**The following report is based upon recommendations for the April 2011 Board meeting:**

Program	Type	Location	Current NCLEX Examination Pass Rate	Date of Last Board Action	Approval Status
Cisco College	ADN	Abilene	2010 78.26% 36/46	April 2010	April 2011 Recommend change from <b>Full with Warning to Conditional</b> due to three consecutive years of low NCLEX-RN® examination pass rates
