

Promoting Competency Report

The Texas Board of Nursing's educational offerings and continuing nursing education (CNE) courses provide nurses with an opportunity to increase their knowledge of the laws and rules and regulations that affect their nursing practice and contribute to their continuing competency. These offerings and CNE courses are a high priority for Board staff and support the Board's mission of patient safety.

The attached Promoting Competency Report reflects attendance for educational offerings, CNE or stipulations. The date for each educational offering is italicized and listed by quarter. The information is for FY '12, FY '13, and FY '14 and provides easy viewing.

- Attachment A reflects the number registered and the number of registrants who completed the on-line CNE Course titled, "*Nursing Regulations for Safe Practice*". The data for the nursing jurisprudence and ethics workshop titled, "*Protecting Your Patients and Your Practice*" and the advanced practice registered nurse workshop titled, "*APRN Licensure and Practice in Texas: Meeting the Challenges, Meeting the Needs*" reflects the attendance by licensure.
- Attachment B reflects attendance by licensure for webinars.

Beginning January 2014, participants were able to register and pay on-line utilizing major credit cards, bank cards (those with Visa or MasterCard logos), or online checks for BON workshops and webinars. With the on-line registration, participants also benefit as they can register for more than one of the learning opportunities offered in the BON Course Catalog. By establishing an Online Learning Account, the participant's account serves as a portfolio of BON CNE activities.

Employers, organizations, and groups can also register and complete payments for multiple registrants with the purchase of a bulk voucher. The bulk voucher system sends the voucher information to the group coordinator for distribution to each of their registrants.
