

Health Professions Council Annual Report

Summary:

The Health Professions Council (HPC) was established by the Legislature in 1993 to achieve the potentially desirable outcomes of consolidation of small independent health licensing agencies without sacrificing the quality, independence, accessibility and accountability of individual boards. The Council has 15 agencies that represent 35 professional licensing boards, certification programs and the Governor's Office. The Council elects a presiding officer and assistant presiding officer to conduct the business of the Council. The presiding officer (Chair) is Gay Dodson, Executive Director for the Board of Pharmacy. The assistant presiding officer (Vice-Chair) is Hemant Makan, Executive Director for the Texas State Board of Podiatric Medical Examiners. Although member agencies license and regulate health professionals, the HPC does not license or regulate health care professionals. The Council meets at least four times a year. Meetings are open to the public and posted with the Office of the Secretary of State. HPC is required to submit an annual report to State leadership. The FY 2013 report is attached.

Recommendation:

For information only; no action required.

The Texas Health Professions Council (HPC) provides a unique solution for the multiple challenges of state regulation of health professions. The State of Texas created HPC to achieve the benefits of consolidation without sacrificing, the quality, independence, accessibility and accountability of independent health licensing and regulatory agencies. Originally, established in 1993, the Council has a membership of 15 agencies that represent over 45 professional licensing boards, certification programs, documentation programs, permit programs or registration programs; the Office of the Attorney General and the Office of the Governor. Executive Directors of each of the member agencies actively participate. Through this collaborative effort, the HPC has realized economies of scales in the areas of Information Technology, human resources and staff training. The HPC fosters a spirit of cooperation between agencies striving to achieve regulatory best practices and better serve their respective constituencies.

Framework

- Members
- Statutory Requirements
- Staffing/Funding

For over twenty years, the Texas Health Professions Council (HPC) has provided a unique solution for the multiple challenges of state regulation of health professions. The State of Texas in 1993 created the Health Professions Council to achieve the potentially desirable outcomes of consolidation of small independent health licensing and regulatory agencies without sacrificing the quality, independence, accessibility and accountability of individual boards.

Members: The Council consists of one representative from each of the following:

- (1) the Texas Board of Chiropractic Examiners;
- (2) the State Board of Dental Examiners;
- (3) the Texas Optometry Board;
- (4) the State Board of Pharmacy;
- (5) the Texas State Board of Podiatric Medical Examiners;
- (6) the State Board of Veterinary Medical Examiners;
- (7) the Texas Medical Board;
- (8) the Texas Board of Nursing;
- (9) the Texas State Board of Examiners of Psychologists;
- (10) the Texas Funeral Service Commission;
- (11) the entity that regulates the practice of physical therapy;
- (12) the entity that regulates the practice of occupational therapy;
- (13) the Texas Department of State Health Service's Professional Licensing and Certification Unit
- (14) Governor's office.
- (15) Office of the Attorney General

The Council elects from its members a presiding officer and an assistant presiding officer to conduct the business of the Council. Currently, the presiding officer (Chair) is Gay Dodson, Executive Director for the Texas State Board of Pharmacy. The assistant presiding officer (Vice-Chair) is Hemant Makan, Executive Director for the Texas State Board of Podiatric Medical Examiners. Council officers serve two-year terms ending August 31 of odd numbered years.

The Health Professions Council was created on the recommendation of the Texas Sunset Commission to achieve the efficiency and effectiveness goals of consolidation while avoiding the creation of a new bureaucracy. Repeated efforts to consolidate boards under one agency had received varied support while generating heated opposition from the professional associations. Experience in other states had shown that large umbrella agencies sometimes failed to meet the perceived benefits and desired objectives of improved consumer service and decreased costs (fig 1). Problems of consolidation included increased response time for services, decreased quality of services, lack of expertise in regulated professions, and decreased disciplinary actions against licensees. Studies have shown consolidations often fail to achieve the economies of scale desired.

The Council has mitigated problems of competition and conflict among the licensed professions by fostering an atmosphere of communication and cooperation. It has provided a forum for discussion of issues and allowed a coordinated response to legislative issues when requested by elected officials. The Council has no authority over member agencies.

Staffing/Funding: The Health Professions Council employs a small staff (currently only 6 FTEs are assigned to the agency), to coordinate and or complete the tasks of the Council. The HPC staff is organized as a separate state agency (#364). Its staff report to the Council directly through supervision of its manager, the Administrative Officer, by the Council Chair. The Council utilizes its staff, along with committees consisting of staff from member agencies to carry out its activities. The Council is funded entirely by transfer of funds from member agencies. A rider in the biennial appropriations bill specifies prorated amounts. Additional amounts are transferred by member agencies to pay for shared services such as technology support and toll-free phone service on a usage basis. During the 81st Regular Legislative Session the Council added additional transfers for the purchase of a shared regulatory database system. During the 83rd Regular Session the Legislature approved the addition of a Web Administrator. A report of financial support by member agencies for Fiscal Year 2013 is included later in this report.

Eighty percent of the participating agencies are collocated in the William P. Hobby Building at 333 Guadalupe St. to facilitate resource sharing. The remaining agencies are housed at the Department of State Health Services.

Economies of Scale

- Information Technology Sharing
- Human Resources Program
- Training Opportunities

The Council has developed areas to realize cost savings across agencies. These economies of scale have been found primarily in the area of information technology. Other areas that undergo regular review to ensure best practices are incorporated in all of the regulatory agencies that the Council supports include Human Resources and employee training.

Employees benefit through increased training opportunities, access to employee assistance programs, and opportunities to refine job skills as administrative sharing allows greater staff specialization. The Council network provides opportunities for communication, shared expertise and joint problem-solving.

Web Administrator Position: During the 83rd Regular Session the Legislature approved the funding for a Web Administrator. That position will be utilized to update the web infrastructure, design and security for all of the participating agencies. The position was filled in September of 2013 and work has already begun. As the year goes on, the Council expects to see improvement in the agency websites both from a security standpoint and also from a content standpoint.

Gartner Security Project: In December of 2013 the Council agreed to participate in a program with the Department of Information Resources that provides a comprehensive analysis of the state of information technology security. The study will provide the agencies with an in depth look at their current IT security, and provide best practices and any gap analysis the analysts discover. This service, using experts from Gartner Inc, would have been impossible from a cost standpoint if it were not for the agreement with DIR. It is expected that agencies will see a huge benefit after the study is complete in the spring of 2014.

Shared Database System: The database system has been up and running since May 31, 2011. With any large scale system start up, the agencies participating in the Shared Solution experienced many challenges. The Council continues to work with the vendor to resolve issues that arise.

In Fiscal Year 2013 the agencies began the process of adding the Texas Funeral Services Commission to the database. This implementation is a response to the changing environment of government regulation. Serving the needs of the State of Texas is at the core of our mission. This change should not interfere substantially with the agencies currently on the database system.

Information Technology Sharing: The Council has studied the resources and needs of member agencies for Information Technology support. The Council found that although some of its larger members (the Medical Board, the Board of Pharmacy, and the Board of Nursing) had resources devoted to meet its Information Technology support needs (or at least to address their needs in a prioritized fashion), some of the other smaller members struggled to meet their needs. In the past, only limited Network Manager Services had been shared by members of the Council.

The Council created a Shared Services Committee and assigned that committee to investigate models to provide member agencies the most efficient IT support possible. The Committee developed a program that facilitates sharing of information technology knowledge and resources among all of the member agencies in the Hobby building through its Technology Committee. In addition to the Regulatory Database Program, this program also utilizes staff (one from the Texas State Board of Dental Examiners and one from the Texas Optometry Board) to provide direct ongoing support services to eight (8) of the smaller member agencies in the Hobby Building. The staff positions are funded through contributions from the eight member agencies. This program has been operating since November 1, 2003.

Prior to the Eighty Third Legislative Session (83R), the Council requested additional funding for a Web Developer. The goal of this shared position is to upgrade and maintain the participating agencies' web presence while sharing the cost and improving their operational efficiencies. In today's web based environment, websites are under constant attack. Therefore, being able to respond to those attacks are critical. Further, with the advent of mobile based computing, providing accessible websites become crucial. This illustrates the Council's need for a professionally trained and certified web developer. Based on the Council's success with the ITSS program, agencies are confident that their website upgrades will be a success.

Human Resources Program: The Human Resources Committee studied the needs of member agencies to determine what, if any, assistance the Council staff could provide in the area of Human Resources. The Council has developed a program to take a role in the HR functions of member agencies. The recommended program includes the basic job tasks of a Human Resource Specialist I. Specifically, it allows for the coordinating and processing of newly hired and terminating employees. It also includes the administration of employment screenings, evaluation of candidates and background checks. Until a time that the Council determines a need for a full time FTE to fulfill the position, the Council continues to provide various services.

Training/Information Dissemination Opportunities: The member agencies share training opportunities for member agencies. One member agency staff member from the Board of Nursing offers new employee EEO training. HPC staff handle the coordination and documentation of the training. HPC staff have also coordinated training opportunities available through the State Auditor's Office. The SAO offers training to agencies when the number of attendees is at or above minimums needed to justify providing the training at another location. HPC provides a regular forum for the Employee's Retirement System staff to give presentations to member agency employees on investments through the Citistreet program.

HPC also works with the National Certified Investigator/Inspector Training (NCIT) program of the Council on Licensure, Enforcement, and Regulation (CLEAR) to provide training locally approximately once a year, providing the highest quality training at the lowest possible cost for HPC members and other state agencies employing investigators. Periodically, throughout the year CLEAR provides remote access training through the use of webinars. HPC has regularly provided access to these webinars on behalf of the members.

Courier Services: The Texas Medical Board (TMB) coordinates the sharing of a courier service with all of the member agencies in the Hobby building to facilitate movement of priority communication, and deposits, etc. with the Comptroller's office. TMB coordinates the contract, pays the vendor, and bills agencies based on use. Other non-HPC member small state agencies located in the Hobby building participate in this sharing as well.

Employee Assistance Program: HPC member agencies participate as a group in an employee assistance program (EAP).

Legislative Tracking: HPC member agencies have worked together to improve member agencies' Legislative Tracking. Smaller agencies that could not afford to purchase the services of Legislative Tracking Services, such as Texas Legislative Service or Gallery Watch, have gained access to that service at a much lower cost by sharing the service. In addition, the HPC Administrative Officer tracks legislation and keeps member agencies aware of legislation that could affect member agencies as a group.

Regulatory Best Practices

- Business Continuity Planning
- Petition to State Office of Administrative Hearings for the Adoption of Rules
- Improved Customer Service
- Board Member Training Program
- Policy and Procedure Development
- Minimum Data Set
- Peer-to-Peer Sharing/General Sharing
- Annual Report

The Council regularly brings new topics for members to discuss and review. This allows new ideas and practices to be thoroughly vetted prior to implementation. This saves both time and money. By allowing all agencies access to the expertise of both large and small agencies, ideas are reviewed with a depth of knowledge not often found in a single umbrella agency structure. This cooperation requires little, if any, additional appropriations or significant time commitments from any single agency and the results are available to all of the member agencies. The Council meetings serve further as a forum for member agency Executive Directors to identify common issues faced in licensing and regulation, share perspectives, and often move toward consistent policy stances.

Below are examples where agencies have found opportunities to implement regulatory best practices.

State Office of Risk Management Business Continuity Requirements:

In October of 2013, a letter was released by the leadership of the State Office of Risk Management, the Department of Information Resources, and the Department of Public Safety outlining agency requirements for Business Continuity of Operations Planning. The Council has created a workgroup to ensure agencies that need assistance in developing their plans and complying with the mandate receive that information. While the workgroup is still in the beginning stages it illustrates another area where the spirit of cooperation between the Council agencies has served well.

Petition to State Office of Administrative Hearings for the Adoption of Rules.:

In June of 2012, the Council formally submitted a petition for the Adoption of Rules to the State Office of Administrative Hearings (SOAH). The petition was the result of ongoing work by the Council's Legal Workgroup, made up of attorneys from different

agencies. The petition was denied by SOAH, however it did open up avenues for communication. That resulted in meetings between Council leadership and SOAH's leadership. While there continue to be issues between the two groups, the meetings illustrate a willingness to cooperate in areas where there is common ground. To the extent possible SOAH and the HPC have strived to resolve issues and come to a mutual understanding of each other's roles.

Improved Customer Service: The Council has also created a resource list of member agency staff that can communicate in languages other than English. Member agencies have agreed to share staff when it is needed to communicate effectively with customers.

Board Member Training Program: The Council has established a training program for the governing bodies (boards) of member agencies. The training has been compiled into a training manual. Each agency must customize the basic training program to include agency/board specific information. The training manual is updated every two years, following the Regular Legislative session.

Policy and Procedure Development: In the past the Council, through its committees has developed model policies and procedures for risk management, disaster recovery, and workforce policy/procedures. When new reporting requirements are mandated member agency staff meet on an ad hoc basis to review the requirements and instructions. As a group, they clarify expectations and seek further clarification to facilitate quality reporting.

Minimum Data Set: The Statewide Health Coordinating Council's recommends that the licensing boards for those professions named should change their licensing forms and data systems to include the collection of the minimum data set on an annual or biennial basis. During the 80th Regular Session significant progress was made in this direction. Council staff is worked diligently with the HPRC and DIR to implement the provisions of the Minimum Data Set. After the planned Regulatory Database System becomes operational only one agency will rely significantly on DIR to retain MDS information.

Peer-to-Peer Sharing/General Sharing: Member agencies back up each other in administrative functions such as accounting, purchasing, and payroll. These back up arrangements are typically short term in nature, such as for occasions when employees are out on illnesses, vacations or other short terms. However, in some cases, agencies may provide these services to one another for longer periods of time (such as for an extended vacancy) with or without compensation through interagency contract. Agencies with certified purchasers assist agencies that are too small to have staff on board with such expertise through a "purchasing pool." Member agency employees consult with one another, peer to peer, throughout the administrative and regulatory departments and divisions. There is a cost savings to member agencies when their staff share their efforts that cannot be specifically calculated. For example, agency financial staff routinely consult each other when preparing major financial reports such as the

Annual Financial Report and the Legislative Appropriations Request. As a result of this relationship between member agency staff, reports are completed quicker, procedures are developed more efficiently, and other state agencies enjoy a reduction in inquiries and clarifications on required reports and procedures. HPC member agencies embrace the spirit of cooperation within the Health Professions Council. The larger member agencies often allow their staff to assist smaller agencies with tasks that the larger agencies are better equipped to handle. Although it cannot be quantified, it is expected that the assistance provided by larger agencies has prevented smaller agencies from having to request additional funding for staff to handle the routine administrative requirements of being a state agency.

Annual Report: The Council prepares an annual report that includes a statistical compilation of numbers of licensees, numbers of complaints and enforcement actions taken by member agencies/boards. The annual report also includes a summary of the Council's activities over the past year and recommendations for statutory changes to improve the regulation of health care professionals.

Responsiveness

- Toll Free Complaint Line
- Representation in Statewide Forums

The Health Professions Council serves a wide variety of constituents. First and foremost it serves the citizens of Texas. The shared toll-free complaint line directly benefits consumers who can place one toll-free call to obtain information or initiate a complaint against any licensed health professional. Many consumers lack information necessary to determine which board to go to with their complaint. The greatest benefit to consumers is preservation of independent boards with specific expertise in investigation and resolution of consumer problems. Consumers and taxpayers benefit indirectly from improved efficiency and from cooperation among agencies, which produces cooperative rulemaking and less reliance on the administrative law system to resolve conflicts.

Licensees benefit from retention of independent boards, which are more responsive and accessible to licensees, and from increased efficiency of the agencies. As more administrative tasks are shared, staff with specific expertise are more available to respond to needs of licensees and consumers. The Council goes to great lengths to ensure that all of their customers are served. **This was especially true during the major 2010-2013 State budget cuts depleting agency resources therefore causing member agencies to rely more on one another.**

Telephone Complaint System: The Council operates a complaint system, which allows consumers to file complaints against any state-licensed health professional by calling one toll-free number. The shared complaint line improves effectiveness and efficiency by providing easy “one-stop” access for consumers and significant cost-savings for individual agencies. The 1-800 line receives an average of 2,250 calls per month, of those calls approximately 500 are routed to HPC staff. HPC receives a variety of inquiries. Many times we refer the public to one of our boards, but we also receive inquiries that we refer to other state agencies. The cost of the system is shared by member agencies, which split the cost of equipment and lines and pay for long distance charges based on the percentage of calls assigned to each agency each month.

Representation in statewide forums: The Council has assigned the Administrative Officer to represent HPC member agencies at meetings involving statewide forums. The Administrative Officer represents the views of member agencies in their licensing/regulatory role, generally. The Administrative Officer communicates back to the member agencies. Member agencies may increase their own participation in these

forums, depending on the nature of the issues. The Council, through the HPC Chair also assigns member agencies to “outside” committees, as appropriate. Examples of the forums include the Department of Information Resources Occupational Licensing Steering Committee, the Statewide Health Coordinating Council (SHCC) and other workgroups and task forces. This approach allows member agencies to achieve representation and input into these processes.

Future Opportunities

The Health Professions Council's activities are mandated legislatively, identified by the Council to provide means for member regulatory agencies to coordinate administrative and regulatory efforts; or requested by various legislative entities or oversight bodies, such as the Governor's office, individual members of the Texas Senate or House of Representatives, the LBB, Comptroller's office, etc.

As agencies continue to align solutions with their own business processes there is a strong desire within the Council to anticipate future opportunities. As mentioned before the Council regularly reviews areas where agencies could improve services while still focusing on their core missions. In addition to expanding the Human Resources Pilot Program, the Council will work closely with the Governor's Office and the Legislative Budget Board to realize streamlined and consistent practices on behalf of the member agencies. Texas is growing rapidly, which indicates that the agencies will see increased workloads in the near future. Meeting the challenges of that increased workload is an opportunity the Council looks forward to in 2014.

Other Operating Expenses	105,462
Total	\$743,726

Unfunded Needs

The TFSC needs funding for the restoration of the agency's General Counsel. A General Counsel would prosecute the agency's cases more quickly at SOAH, would help to reduce the agency's pending investigation caseload, and would facilitate answers to problems the consuming public, death care professionals, and members of the Legislature refer to the agency.

Currently TFSC staff must refer the prosecution of the agency's cases to the Office of the Attorney General (OAG). The three Assistant Attorneys General assigned to the TFSC each represent several other regulatory agencies and have heavy caseloads. A General Counsel would expedite the prosecution of the agency's cases and relieve the workload on the OAG. Also currently the TFSC's legal assistant and investigators must use their own judgment to determine whether the results of an investigation warrant a violation. Having a General Counsel on staff to review the investigative summaries and findings would ensure every aspect of a consumer's complaint has been examined and that the consumer is protected.

The TFSC also needs funding for one (1) administrative assistant to provide additional clerical and administrative support. The TFSC lost an administrative assistant position in 2011 due to the appropriations reductions. Restoring this position would allow for more efficient and timely work processes and complaint resolution. Without this additional position, the TFSC investigators and licensing staff will have to continue taking turns fulfilling the routine but necessary clerical functions of this position, therefore having less time to devote to their primary duties.

Unfunded Needs

The Board has identified four separate unfunded needs. Those needs are:

1. Replacement of computer equipment. The Board was unable to maintain its technology replacement schedule in the 2012-2013 biennium due to budget cuts.
2. Higher salaries for staff commensurate with other Article VIII agencies.
3. Hiring of additional FTE Investigator necessary to conduct criminal background checks and to begin compliance measures with the federally mandated *Healthcare Integrity and Protection Data Bank (HIPDB)*. This position was eliminated in the 2012-2013 biennium.
4. Additional programming for the shared replacement database to allow the agency to achieve greater efficiencies in basic licensing operations.

Texas State Board of Podiatric Medical Examiners

	Statutory Authority:	Occupation Code, §801.401. The Board may revoke or suspend a license, impose a civil penalty, place a licensee or person whose license has been suspended on probation, or reprimand a licensee. The Board may require that a licensee who violates this Act participate in continuing education programs. The Board may also require a suspended licensee on probation to report regularly to the Board or limit practice to the areas prescribed by the Board.

¹As of end of Fiscal Year 2012 (08-31-2012), includes provisional license.

² The agency receives few non-jurisdictional complaints and they are not tracked.

State Board of Examiners for Speech-Language Pathology and Audiology

Funding

The DSHS Professional Licensing and Certification Unit (PLCU) is organizationally placed within the Division for Regulatory Services, Health Care Quality Section. PLCU functions as a consolidated licensing operation for 23 regulatory programs and consists of:

- 8 governor-appointed licensing boards, each with independent rulemaking and enforcement authority;
- 2 governor-appointed licensing boards, each with independent enforcement authority and quasi-independent rulemaking authority;
- 1 licensing board appointed by the DSHS Commissioner with independent enforcement authority and quasi-independent rulemaking authority; and
- 12 licensing programs that do not have appointed boards, and for which the rulemaking authority is the Executive Commissioner of the Health and Human Services Commission and the enforcement authority is DSHS.

The boards and programs within PLCU do not function as independent state agencies. DSHS provides the staff, facilities, and infrastructure necessary to administer each program. PLCU operates with a functional organizational structure characterized by resource-sharing across programs.

PLCU is funded through the legislative appropriation to DSHS for Strategy D.1.4 (Health Care Professionals). This appropriation funds a total of 26 programs within DSHS, not all of which are organizationally placed within PLCU. The legislative appropriation is made to DSHS, not to the individual boards, programs, or unit.

Total fee revenue collected by PLCU programs in Fiscal Year 2012 was \$10,029,191 and total expenses of PLCU programs were \$4,541,855. Not all licensing fees collected by PLCU programs were appropriated to DSHS nor dedicated to the operation of PLCU. Most PLCU programs experience growth each year in the numbers of license holders; these increases are accompanied by greater demand for licensure services, including new and renewed license issuance, consumer complaint intake and processing, investigations, disciplinary action, and enforcement.

Advisory Board of Athletic Trainers

1. Total number of licensees:		2,868
Athletic Trainers	2,847	
Temporary Athletic Trainers	21	
2. Total number of new licenses issued:		309
3. Total number of renewal licenses issued:		1,191
4. Total number of complaints received:		16
Unlicensed Person/Facility	15	
Unprofessional Conduct	1	
5. Total number of jurisdictional complaints received:		16
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		16
Cease and Desist	15	
No Violation	1	
8. Average length of time required for jurisdictional complaint resolution:		318 days
9. Total fees collected:		\$426,076
10. Total expenses:		\$149,236

Statutory Authority: Occupations Code, Chapter 451

* Please see Table 1 for information regarding the number of license holders by county.

Chemical Dependency Counselor Licensing Program

1. Total number of licensees:		8,961
Licensed Chemical Dependency Counselors	4,984	
Registered Counselor Interns	3,747	
Clinical Training Institutions	221	
Certified Clinical Supervisors	9	
2. Total number of new licenses issued:		1,631

Texas Medical Board (TMB)
Complaints Received and Complaint Disposition By Type
Fiscal Year '13

Under the requirements of SB 104 (78R), TMB is required to submit a report each fiscal year that “provides aggregate information about all complaints received by the board categorized by type of complaint, including administrative, quality of care, medical error, substance abuse, other criminal behavior, and the disposition of those complaints by category.” (VTCA, OCCUPATIONS CODE §154.002). This report includes all complaints that were conducted under the provisions of SB 104 and have been resolved from 9/1/12 through 8/31/13.

In preparing this report, the Board identified eight categories of complaints (including the five listed above) and their final dispositions. Within each of the eight complaint categories is a list of the associated violations (as provided by the Medical Practice Act) that fall within that category. This report includes only the primary allegation for each complaint at the time of the board action concerning the complaint, and does not include secondary allegations of violations that may be associated with a complaint. For dismissed cases, this is determined by the primary allegation at the time the investigation was filed. For cases with action, this is determined by the primary violation identified as the reason for the action.

Complaint Categories with Associated Violations of the Medical Practice Act

1. Administrative	2. Violation of Law/Criminal Behavior
Failure to release medical records	Unlicensed practice of medicine
Failure to report liability claims to the board	Operating an unlicensed pharmacy
Commits a rule violation-general	Conviction of felony or misdemeanor of moral turpitude
Fails to change address with the board	Performing a criminal abortion
CME	Violation of state or federal law connected
Failure to keep drug records	with physician's practice
Fails to change address with the board	Failure to sign a death certificate
3. Medical Error-	4. Mental/Physical Impairment-
Medical Errors	Illness
	Mental Impairment
	Physical Impairment
	Adjudged to be of unsound mind
5. Quality of Care	6. Disciplinary action by peers, another state, or military
Fails to keep proper medical records	Peer Review
Violates Rule 170-pain management rule	Discipline by another state
Improper Delegation	Discipline by the military
Failure to supervise delegates	
Delegation to an unqualified person	
Practice inconsistent w/public health & welfare	
Recurring health care liability claims	
Prescribing to a habitual user	
Non-therapeutic prescribing or treatment	
Prescribing in a manner inconsistent with public health and welfare	
7. Substance Abuse	8. Unprofessional Conduct-

Substance Abuse, incl. drunkenness and drug abuse	False, misleading or deceptive advertisement
	Failure to provide explanation of fees
	Solicitation of patients
	False or fraudulent billing
	Breach of confidentiality
	Failure to report a physician who poses a threat to the public
	Failure to comply with a board subpoena
	Fraud on application, taking a licensure exam, etc.
	Impersonating a physician or physician allowing impersonation
	Employing a person whose medical license is cancelled, suspended or revoked
	Associating in medical practice with a person whose medical license is cancelled, suspended or revoked OR who is unlicensed
	Aiding or abetting in the unlicensed practice of medicine
	Performs an abortion on a minor without parental consent
	Abusive Behavior
	Violation of a Board order
	Failure to communicate with a patient
	Non-sexual boundary violation
	Sexual boundary violation
	Writing false or fictitious prescriptions
	Drumming patients
	Failure to pay student loans

The following table shows the total number of complaints resolved in each category and the type of disposition for each complaint: resolved with disciplinary action against physician (license revocation/surrender, license suspension, license restriction, reprimand or administrative penalty); resolved with a cease and desist order; resolved with physician entering into a remedial plan; resolved with a referral to PHP; or dismissed. A grand total of 1,865 complaints that were opened under SB104 requirements were resolved in FY '13.

Unfunded Needs

In the past two legislative sessions, the agency has requested funding for merit salary increases for its staff, which it has not received. While the 83rd Legislature did award a 1% across the board pay increase for all classified staff for each year of the 2014-2015 biennium, the average salary at this agency is still approximately \$8,600 below the average salary at other Article VIII regulatory agencies.

State Board of Examiners for Speech-Language Pathology and Audiology

Funding

The DSHS Professional Licensing and Certification Unit (PLCU) is organizationally placed within the Division for Regulatory Services, Health Care Quality Section. PLCU functions as a consolidated licensing operation for 23 regulatory programs and consists of:

- 8 governor-appointed licensing boards, each with independent rulemaking and enforcement authority;
- 2 governor-appointed licensing boards, each with independent enforcement authority and quasi-independent rulemaking authority;
- 1 licensing board appointed by the DSHS Commissioner with independent enforcement authority and quasi-independent rulemaking authority; and
- 12 licensing programs that do not have appointed boards, and for which the rulemaking authority is the Executive Commissioner of the Health and Human Services Commission and the enforcement authority is DSHS.

The boards and programs within PLCU do not function as independent state agencies. DSHS provides the staff, facilities, and infrastructure necessary to administer each program. PLCU operates with a functional organizational structure characterized by resource-sharing across programs.

PLCU is funded through the legislative appropriation to DSHS for Strategy D.1.4 (Health Care Professionals). This appropriation funds a total of 26 programs within DSHS, not all of which are organizationally placed within PLCU. The legislative appropriation is made to DSHS, not to the individual boards, programs, or unit.

Total fee revenue collected by PLCU programs in Fiscal Year 2013 was \$10,136,676 and total expenses of PLCU programs was \$4,602,980. Not all licensing fees collected by PLCU programs were appropriated to DSHS nor dedicated to the operation of PLCU. Most PLCU programs experience growth each year in the numbers of license holders; these increases are accompanied by greater demand for licensure services, including new and renewed license issuance, consumer complaint intake and processing, investigations, disciplinary action, and enforcement.

Advisory Board of Athletic Trainers

1. Total number of licensees:		3,003
Athletic Trainers	2,993

Offender Education Programs

1. Total number of certificate holders:		2,475
DWI Education Instructors	428	
DWI Intervention Instructors	356	
Alcohol Education Program for Minor Instructors	268	
Drug Offender Education Program Instructors	426	
DWI Education Programs	234	
DWI Intervention Programs	174	
Alcohol Education Program for Minors	207	
Drug Offender Education Programs	244	
Tx Youth Tobacco Awareness Program	138	
2. Total number of new certificates issued:		322
3. Total number of renewal registrations issued		692
4. Total number of complaints received:		16
Criminal History	2	
Fraud/Deceit/Bribery	2	
Standard of Care/Service/Product	6	
Unprofessional Conduct	6	
5. Total number of jurisdictional complaints received:		14
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		16
License Expiration	2	
No Violation	1	
Violation Found & Corrected	1	
Warning	11	
Withdrawal	1	
8. Average length of time required for jurisdictional complaint resolution:		231 days
9. Total fees collected:		\$101,658
10. Total expenses:		\$695,499

Statutory Authority:

- Drug Offender Education Programs
Transportation Code §§521.371 - 521.377
- DWI Education Programs
Code of Criminal Procedure, Art. 42.12, §13(h)
- DWI Intervention Programs
Code of Criminal Procedure, Art. 42.12, §13(j)
- Alcohol Education Programs for Minors
Alcoholic Beverage code, §106.115
- Texas Youth Tobacco Awareness Program
Health & Safety Code, Chpt 161

* Please see Table 1 for information regarding the number of license holders by county.

Optician's Registry Program

1. Total number of registrants:		112
Opticians-Dual	42	
Registered Contact Lens Technicians	6	
Registered Spectacle Dispensers	64	
2. Total number of new registrations issued:		5
3. Total number of renewal registrations issued:		65
4. Total number of complaints received:		2
Unlicensed Person/Facility	2	
5. Total number of jurisdictional complaints received:		2
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		0
8. Average length of time required for jurisdictional complaint resolution:		0 days
9. Total fees collected:		\$44,677**
10. Total expenses:		\$20,021**

Statutory Authority: Occupations Code, Chapter 352

* Please see Table 1 for information regarding the number of license holders by county.

** Fee and expense totals include both the Contact Lens Permit Program and the Opticians' Registry Program

Texas Board of Orthotics and Prosthetics

1. Total number of licensees:		828
Licensed Prosthetist/Orthotists	437	
Registered Prosthetist/Orthotist Students	34	
Temporary Prosthetist/Orthotists	1	
Registered Prosthetist/Orthotist Technicians	21	
Licensed Prosthetist/Orthotist Assistants	63	
Accredited Prosthetic/Orthotic Facility	272	
2. Total number of new licenses issued:		83
3. Total number of renewal licenses issued:		384
4. Total number of complaints received:		31
Advertising/Mislabeling	1	
Fraud/Deceit/Bribery	1	
Standard of Care/Service/Product	7	
Unlicensed Person/Facility	21	
Unprofessional Conduct	1	
5. Total number of jurisdictional complaints received:		30
6. Total number of complaint investigations completed:		14
7. Total number of jurisdictional complaints resolved:		35
Administrative Penalty	2	
Cease and Desist	24	
License Expiration	3	
No Violation	3	
Not Substantiated	2	
Warning Letter	1	
8. Average length of time required for jurisdictional complaint resolution:		474 days
9. Total fees collected:		\$181,866
10. Total expenses:		\$97,269

Statutory Authority: Occupations Code, Chapter 605

* Please see Table 1 for information regarding the number of license holders by county.

Perfusionist Licensing Program

1. Total number of licensees:		365
Licensed Perfusionists	353	
Provisional Licensed Perfusionists	12	
2. Total number of new licenses issued:		33
3. Total number of renewal licenses issued:		155
4. Total number of complaints received:		0
5. Total number of jurisdictional complaints received:		0
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		0
8. Average length of time required for jurisdictional complaint resolution:		0 days
9. Total fees collected:		\$58,293
10. Total expenses:		\$25,539

Statutory Authority:

Occupations Code, Chapter 603

* Please see Table 1 for information regarding the number of license holders by county.

Personal Emergency Response System (PERS) Licensing Program

1. Total number of registrants/licenses:		249
PERS Registrants-Individuals	197	
PERS Licenses-Businesses	52	
2. Total number of new applications (licenses and registrants):		45
3. Total number of renewals (licenses and registrants):		31
4. Total number of complaints received:		0
5. Total number of jurisdictional complaints received:		0
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		0
8. Average length of time required for jurisdictional complaint resolution:		0 days
9. Total fees collected:		\$24,208
10. Total expenses:		\$10,376

Statutory Authority: Health and Safety Code, Chapter 781

* Please see Table 1 for information regarding the number of license holders by county.

Texas State Board of Examiners of Professional Counselors

1. Total number of licensees:		20,321
Licensed Professional Counselors	16,873	
Professional Counselor Interns	3,438	
Professional Counselor Provisional	10	
2. Total number of new licenses issued:		3,575
3. Total number of renewal licenses issued:		7,742
4. Total number of complaints received:		242
Abuse/Neglect/Exploitation	3	
Advertising/Mislabeling	1	
Confidentiality	10	
Criminal History	7	
Fraud/Deceit/Bribery	13	
Order Non-Compliance	1	
Sexual Misconduct	12	
Standard of Care/Service/Product	111	
Unlicensed Person/Facility	17	
Unprofessional Conduct	67	
5. Total number of jurisdictional complaints received:		200
6. Total number of complaint investigations completed:		76
7. Total number of jurisdictional complaints resolved:		115
Administrative Penalties	12	
Cease and Desist	5	
License Expiration	2	
No Violation	40	
Not Substantiated	4	
Probated Suspension	12	
Reprimand	10	
Revocation	2	
Surrender	2	
Warning letters	25	
Withdrawal	1	
8. Average length of time required for jurisdictional complaint resolution:		514 days
9. Total fees collected:		\$1,456,038
10. Total expenses:		\$498,774

Statutory Authority: Occupations Code, Chapter 503

* Please see Table 1 for information regarding the number of license holders by county.

Sanitarian Registration Program

1. Total number of registrants:		1,251
Registered Professional Sanitarians	1,210	
Registered Sanitarians in Training	41	
2. Total number of new licenses issued:		81
3. Total number of renewal licenses issued:		527
4. Total number of complaints received:		0
5. Total number of jurisdictional complaints received:		0
6. Total number of complaint investigations completed:		0
7. Total number of jurisdictional complaints resolved:		0
8. Average length of time required for jurisdictional complaint resolution:		0 days
9. Total fees collected:		\$82,314
10. Total expenses:		\$59,802

Statutory Authority:

Occupations Code, Chapter 1953

* Please see Table 1 for information regarding the number of license holders by county.

Texas State Board of Social Worker Examiners

1. Total number of licensees:		22,418
Licensed Clinical Social Workers	7,398	
Licensed Master Social Workers-Advanced Practitioner	370	
Licensed Master Social Workers	8,854	
Temp Licensed Master Social Workers	94	
Licensed Baccalaureate Social Workers	5,662	
Temp Licensed Baccalaureate Social Workers	40	
2. Total number of new licenses issued:		1,744
3. Total number of renewal licenses issued:		10,264
4. Total number of complaints received:		138
Advertising/Mislabeling	1	
Confidentiality	9	
Criminal History	4	
Fraud/Deceit/Bribery	6	
Order Non-Compliance	1	
Sexual Misconduct	3	
Standard of Care/Service/Product	56	
Unauthorized Activity	1	
Unlicensed Person/Facility	8	
Unprofessional Conduct	49	
5. Total number of jurisdictional complaints received:		131
6. Total number of complaint investigations completed:		43
7. Total number of jurisdictional complaints resolved:		77
License Expiration	1	
No Violation	18	
Not Substantiated	13	
Cease and Desist	7	
Probated Suspension	7	
Revocation	1	
Surrender	4	
Suspension	5	
Warning Letter	21	
8. Average length of time required for jurisdictional complaint resolution:		596 days
9. Total fees collected:		\$1,171,163
10. Total expenses:		\$521,092

Statutory Authority: Occupations Code, Chapter 505

* Please see Table 1 for information regarding the number of license holders by county.

State Board of Examiners for Speech-Language Pathology and Audiology

1. Total number of licensees:		17,689
Speech Language Pathologists	11,829	
Temp Speech Language Pathologists	0	
Speech Language Pathologist Interns	824	
Speech Language Pathologist Assistants	3,789	
Audiologists	1,188	
Audiologist Interns	53	
Audiologist Assistants	6	
2. Total number of new licenses issued:		2,877
3. Total number of renewal licenses issued:		7,257
4. Total number of complaints received:		42
Advertising/Mislabeling	2	
Fraud/Deceit/Bribery	8	
Sexual Misconduct	1	
Standard of Care/Service/Product	20	
Unlicensed Person/Facility	7	
Unprofessional Conduct	4	
5. Total number of jurisdictional complaints received:		37
6. Total number of complaint investigations completed:		3
7. Total number of jurisdictional complaints resolved:		59
Administrative Penalty	19	
No Violation	27	
Revocation	1	
Suspension	2	
Warning Letter	10	
8. Average length of time required for jurisdictional complaint resolution:		244 days
9. Total fees collected:		\$1,120,088
10. Total expenses:		\$337,133

Statutory Authority: Occupations Code, Chapter 401

* Please see Table 1 for information regarding the number of license holders by county.

* II.C. Summary of Budget by Object of Expense FY 2014 Operating Budget

** IV.D. Estimated Revenue Collections Supporting Schedule FY 2014 Operating Budget

Appendix B - Health Professions Council

FY 13 Estimated Fees Collected Section IV.D Operating Budget

To comply with Section 6, SB 1058 (81st Regular)

FY 13 Estimated Expenses Section II.C Operating Budget

To comply with Section 6, SB 1058 (81st Regular)

Appendix C - Health Professions Council

Unfunded Needs of the Agency

To comply with Section 6, SB 1058 (81st Regular)

Appendix C - Health Professions Council

Unfunded Needs of the Agency

To comply with Section 6, SB 1058 (81st Regular)

Agency	(6) any unfunded needs of the agency.
Chiropractic	Agency will outline unfunded needs in their upcoming Legislative Appropriations Request
Dental	Agency will outline unfunded needs in their upcoming Legislative Appropriations Request
Funeral Serv	Agency will outline unfunded needs in their upcoming Legislative Appropriations Request
Medical Board	Agency will outline unfunded needs in their upcoming Legislative Appropriations Request
Nurse	Agency will outline unfunded needs in their upcoming Legislative Appropriations Request
Optometry	<p>To control costs, the agency continues to put additional emphasis on the agency's website to deliver information and to automate much of the license renewal process. The agency also continues to participate in sharing arrangements with other Health Profession Council agencies.</p> <p>The agency is currently not filling a half-time administrative assistant position that has been extremely valuable due to the possibility of unexpected litigation expenses.</p>

<p>Pharmacy</p>	<p>Although the TSBP was successful in obtaining additional appropriations for the majority of the requested exceptional items during the 83rd Legislative session, the agency has unfunded mandates from the 82nd Legislative Session that we not funded during the 83rd Session. Included in these unfunded mandates are:</p> <p>An 82nd Legislative Session contingency provision that required state agencies to contribute 1.0% of the total base wages and salaries for each employee of an agency, to the Employees Retirement System's Group Benefits Program. This provision was continued by the 83rd Legislature with an additional 0.05% payment for additional Payroll Contribution for Retirement Contribution.</p> <p>The agency has had to pay for this provision from the agency's existing appropriations mainly through the lapsing the salaries of vacated positions. If the agency is fully staffed and thus has no lapsed salaries, we will not be able to fund this expense.</p> <p>Funding for merit raises, hazardous and longevity pay increase and increases to mileage and hotel per diem. Specifically, the 81st Texas Legislature funded merit raises to reward high-performing employees; however, the agency was forced to cut the raises because a mandated budget cut. These funds were not restored to the agency in the 82nd Legislative Session.</p> <p>If the State of Texas budget for 2016-2017 included further decreases in funding for TSBP, the agency's ability to protect the citizens of Texas and to provide quality customer service will be compromised.</p>
<p>PT/OT</p>	<p>Concerning the unfunded needs of the agency, they consist of those denied exceptional items requested during the last legislative session, and those yet to be determined during the budget preparation phase preparatory for the 84th Legislative session</p>

<p>Podiatry</p>	<p>We received partial funding for our 82nd Session/2011 LAR for FY 2012/2013; severe Budget Cuts & staffing loss noted.</p> <p>Future needs are being analyzed as we work through the executed FY 2010 5% Reduction, FY 2011 2.5% Reduction and FY 2012/2013 Reductions. The 83rd Session/2013 restored our funding for FY 2014/2015 contingent upon fee increases. At the August 12, 2013 Board Meeting, the Board raised requisite DPM renewal fees by \$50.00 and we submitted that evidence to the Comptroller by letter dated August 23, 2013. However, the Comptroller didn't release our contingent funds until December 6, 2013. Therefore, hiring our Investigator position was delayed by 5 months. We were at the mercy of the Comptroller's Office although we began collecting all raised fees on September 1, 2013.</p>
<p>Psychologists</p>	<p>In the past two legislative sessions, the agency has requested funding for merit salary increases for its staff, which it has not received. While the 83rd Legislature did award a 1% across the board pay increase for all classified staff for each year of the 2014-2015 biennium, the average salary at this agency is still approximately \$8,600 below the average salary at other Article VIII regulatory agencies.</p>
<p>Vet Med</p>	<p>Agency will outline unfunded needs in their upcoming Legislative Appropriations Request</p>

Appendix D - Health Professions Council
Agencies Reports on Number of Persons
Regulated by County*

To comply with Section 6, SB 1058 (81st Regular)
