

January 2012

Texas Board of Nursing Bulletin

A Quarterly Publication of the Texas Board of Nursing

The mission of the Texas Board of Nursing is to protect and promote the welfare of the people of Texas by ensuring that each person holding a license as a nurse in the State of Texas is competent to practice safely. The Board fulfills its mission through the regulation of the practice of nursing and the approval of nursing education programs. This mission, derived from the Nursing Practice Act, supersedes the interest of any individual, the nursing profession, or any special interest group.

Continuing Competency: Approved Certifications Expanded

At the October 2011 Texas Board of Nursing (Board) quarterly meeting, Board members recognized two developmental disability certifications as meeting continuing competency requirements for nurse licensure renewal.

Criteria for licensure renewal may be met through: (1) completion of 20 contact hours; or (2) achieving, maintaining, or renewing an approved national nursing certification.

The certifications, offered by the Developmental Disability Nurses Association (DDNA), may be obtained by licensed vocational

competency requirements for nurses caring for patients with developmental disabilities.

LVNs may also achieve certifications in pharmacology and long-term care through the National Association for Practical Nurse Education & Service, Inc., whereas RNs may choose certifications that are approved by the Accreditation Board for Specialty Nursing Certification.

The CCDN will not meet certification requirements for the Advanced Practice Registered Nurse (APRN). Recognized national certifications for APRNs are located on the Board website at:

<http://www.bon.texas.gov/nursingeducation/ceu.html>

Understanding the Responsibility of the Nurse When Completing BON Forms

The individual nurse is responsible for completing the forms necessary to obtain or maintain his or her nursing license. When forms are completed by employers, agencies or other individuals, the Texas Board of Nursing (BON or Board) often finds that inaccurate or incomplete information is provided. On forms required by the Board, the nurse or candidate for nurse licensure affirms that he or she has completed the form and is responsible for the accuracy of the information provided. If false or inaccurate information is provided, the individual nurse is responsible. This is a component of the attestation statement at the end of the BON forms.

BON to Offer Free Continuing Education Webinars on LVN Scope of Practice

The Texas Board of Nursing will offer a free webinar discussing LVN scope of practice titled “**The LVN Scope of Practice: What Every LVN, RN, and Employer Should Know**” in February, June, August and October, 2012. The purpose of this webinar is to provide direction and recommendations for LVNs, their RN clinical supervisors, other clinical supervisors, and employers regarding the safe and legal scope of practice for LVNs and to promote an understanding of

the differences between the LVN and RN levels of licensure as they work together to maximize what can be accomplished towards meeting the needs of patients. The registration form for this webinar can be found at: www.bon.texas.gov/about/pdfs/ws-webinar-sop-2012.pdf. The Board will also host a four-hour workshop in Austin in November. For more information, please e-mail questions to: workshop@bon.texas.gov.

TPAPN Volunteer Training Workshop & 25th Anniversary Gala to be Held in Austin in April

Public surveys and research at the beginning of this century have substantiated what many nurses have known for some time: nursing is one of the most respected and also one of the most stressful professions. At times, a nurse may find that his or her life stressors and physio-psycho-social condition combine to create problems which may seem insurmountable. These problems may include substance abuse and psychiatric disorders. Nurses who participate in the Texas Peer Assistance Program for Nurses (TPAPN) are making the most of second chances. Nurses in the TPAPN are learning to move forward in their profession while taking better care of themselves as well as gaining a better understanding of personal responsibility. These basic insights are critical aspects to recovery. Those who employ and manage TPAPN nurses can help by providing a work environment that supports recovery through knowledge, accountability, and clear policies/procedures.

TPAPN Advocate/Volunteer Training

On the evening of April 13, 2012 at the Renaissance Hotel in Austin, TPAPN will recognize employers who have demonstrated support for TPAPN and nurse participants through a special "Partners in Recovery" ceremony. The ceremony will be part of TPAPN's two-day Spring Advocate/Faculty Liaison Workshop and 25th Anniversary Gala to take place April 13-14, 2012. The Friday evening gala will include a reception, silent auction, dinner, and special guest speakers. TPAPN will invite one chief nursing officer from supportive facilities to attend the gala ceremony to be recognized. All attendees, including invitees, must register online at <https://tpapn.webconnex.com/20120413>. If you know that your facility has been supportive of recovering nurses but has not been included on the draft list of invitees (available at www.tpapn.org), please contact TPAPN.

Advocate training sessions for new and returning TPAPN volunteers and other interested parties will be held each day. TPAPN encourages nurses with unencumbered licenses to participate in this event and become Volunteer Advocates with TPAPN. Advocate applications are available for download on the TPAPN website. All attendees must pre-register at <https://tpapn.webconnex.com/20120413>. Others who wish to attend, but not volunteer, may participate for a fee of \$100 for each day of the workshop and \$50 for the gala. Additional details are available online at www.tpapn.org. If you have questions or would like to make a donation for the silent auction, contact Shirley Baugh at sbaugh@texasnurses.org or call 512-467-7027 ext. 127 and leave a message.

Summary of Actions

A regular meeting of the Board of Nursing was held October 27-28, 2011, in Austin. The following is a summary of Board actions taken during this meeting.

Proposed amendments to 22 Tex. Admin. Code §217.19, pertaining to *Incident-Based Nursing Peer Review* and to 22 Tex. Admin. Code §217.20, pertaining to *Safe Harbor Peer Review for Nurses and Whistleblower Protections* were approved by the Texas Board of Nursing (Board) at its October 27-28, 2011 meeting for submission to the *Texas Register* for public comment and for adoption if no negative comments or a request for a public hearing were received. The amendments were proposed under the authority of the Occupations Code §§301.352, 301.401, 301.4011, 301.402, 301.4025, 301.412, 301.413, 303.001, 303.005, and 301.151 and were necessary to implement the requirements of Senate Bill (SB) 192, enacted by the 82nd Legislature, Regular Session, effective September 1, 2011.

First, the adopted amendments define “peer review” in §217.19 and §217.20 to include information, advice, and assistance given to nurses and other persons regarding the rights and obligations of, and protections afforded to, nurses who file mandatory reports with the Board, request peer review, or raise concerns about patient safety. These adopted amendments are necessary for consistency with the additional protections afforded by SB 192. Second, the adopted amendments define “safe harbor” in §217.19 and §217.20 to include protection from employer suspension, termination, discipline,

and discrimination for nurses who, in good faith, request safe harbor peer review. These amendments are also necessary for consistency with the additional protections afforded by SB 192. Third, the adopted amendments replace the term “without malice” with the term “in good faith” throughout both sections for consistency with the provisions of SB 192. Finally, the adopted amendments clarify that nurses or other persons who provide advice about a nurse’s rights, obligations, and protections associated with mandatory reporting and invoking safe harbor are protected from discipline, retaliation, suspension, termination, and discrimination. This adopted change is also necessary for consistency with the provisions of SB 192.

The proposed amendments were published in the *Texas Register* on November 18, 2011 (36 TexReg 7749), and the comment period ended on December 18, 2011. No comments were received and the adoption was published in the *Texas Register* on January 6, 2012, and became effective on January 9, 2012.

The Board also proposed new §217.22 relating to *Special Accommodations* in the *Texas Register* on November 18, 2011 (36 TexReg 7755) with the comment period ending on December 18, 2011. No comments were received and the adoption was published in the *Texas Register* on January 6, 2012, and became effective on January 9, 2012. This section was proposed under the

authority of the Occupations Code §54.003 and §301.151 and is necessary to implement the requirements of SB 867, enacted by the 82nd Legislature, Regular Session, effective September 1, 2011. Adopted new §217.22(b) requires individuals requesting special examination accommodations to submit the following information to the Board: (i) a completed Special Accommodations Request Form; (ii) a Professional Documentation of Disability Form, completed within the three years immediately preceding the accommodation request by a diagnostician meeting the Board’s requirements; (iii) a completed Consent to Release Information Form; and (iv) a Nursing Program Verification Form completed by the dean or director of the nursing program attended. Adopted new §217.22(c) requires an individual requesting special examination accommodations to submit the information required by the adopted new section to the Board at least 30 calendar days prior to registering for the licensing examination. The adopted new subsection further clarifies that the Board will process an individual’s accommodation request once all of the required information and documentation is received by the Board. Adopted new §217.22(d) states that the Board’s requirements for diagnosticians and the forms referenced in adopted new §217.22(b) may be found on the Board’s website, which is located at www.bon.texas.gov/olv/pdfs/SPECACC.pdf.

Nursing Education Actions - October 2011 Board Meeting

Reviewed Reports on:

Status of Inquiries, Proposals, and Approval Status of New Nursing Education Programs; Status Report on Programs with Sanctions; Communication Activities with Nursing Education Programs; and Feedback from Constituents related to the need for additional nursing education programs in Texas.

Accepted Reports on:

St. Philip’s College in San Antonio ADN Program Teach-Out Report; Notification of Closure of Nursing Program - Childress Regional Medical Center in Childress VN Program; Pilot of Paper Audit in Lieu of Site Visit - Navarro College in Corsicana VN Program; Joint Survey Visit to Galen College of Nursing in San Antonio VN

Program; and Joint Survey Visit and Status of Programs - Dallas Nursing Institute in Dallas VN and ADN Programs.

Approved:

Partial Refund of the Application Fee for a New Nursing Program Proposal.

Practice Q & A: Does the Board of Nursing (BON) have any recommendations for newly licensed LVNs or RNs as they begin nursing practice?

The newly licensed nurse is in a transition period. As a novice practitioner, the newly licensed vocational nurse (LVN) or registered nurse (RN) is inexperienced and not fully integrated into his/her nursing role and setting. Based on this belief, the Board provides the following guidance to newly licensed nurses:

1. The newly licensed LVN must ensure that he or she has appropriate supervision. The LVN has a directed scope of practice, which means the LVN must have a registered nurse, advanced practice registered nurse, physician, physician assistant, dentist or podiatrist as a supervisor of his or her clinical nursing practice.
2. It is recommended that a newly licensed nurse not practice in an independent setting for a period of 12-18 months post-licensure. Examples of independent settings include group homes, assisted living facilities, home or school health, and other settings where access to a clinical supervisor is limited. This allows the newly licensed nurse sufficient practice experience in more structured settings and the opportunity to consistently assimilate knowledge learned in school into practice.
3. It is recommended that a newly licensed nurse not hold a position as a charge nurse or nurse manager for a period of six (6) months, unless a lesser time period is mutually agreed upon by the newly licensed nurse and the supervising nurse based upon the evaluation of competency of the newly licensed LVN or RN.
4. The Board believes it is essential for newly licensed nurses to seek and receive direction, supervision, consultation and collaboration from experienced nurses during the transition into nursing practice. In any practice setting where newly licensed LVNs and RNs are employed, experienced nurses should be willing to supervise and mentor novice nurses.
5. Once licensed, direct supervision should be continued for a period of six (6) months, or a lesser time period if agreed upon by the newly licensed nurse and the supervising nurse. Competence to perform without direct supervision should be mutually determined by the newly licensed nurse and the supervising nurse and should be demonstrated and supported by documentation.
6. Newly licensed nurses are permitted to perform any function that falls within the scope of nursing practice for which they have received educational preparation and have demonstrated minimal competency.

Advisory Committee Update

Deferred Disciplinary Pilot Program Advisory Committee

The Deferred Disciplinary Pilot Program Advisory Committee met on Friday, December 9, 2011. Dr. Heather Becker presented information to the group regarding methods for evaluating the efficiency and efficacy of the program; and staff provided collected data to the committee members for consideration. The group discussed surveying individual participants, as well as their employers. The Committee will meet again in March, 2012.

Changed Approval Status from Conditional to Full Approval:
West Texas A&M University in Canyon BSN Program.

Granted Initial Approval to Establish a New Associate Degree Nursing Program:
Sanford-Brown College in Dallas.

Granted Initial Approval to Establish a New Vocational Nursing Program:
Bell Tech Career Institute in Houston.

Know Your Board Member**Mary M. LeBeck, MSN, RN**

Mary M. LeBeck, MSN, RN of Lubbock represents Associate Degree Nursing (ADN) Education on the Board of Nursing (BON). She is an ADN instructor at Weatherford College. Ms. LeBeck is a member of the Texas Nurses Association, past member of the Association for Care of Children's Health, the American Diabetes Association, and Sigma Theta Tau International Honor Society of Nursing. Ms. LeBeck is also a volunteer with the Juvenile Diabetes Research Foundation, past board member of the Parker County Child Advocacy Center, and a former volunteer with the American Cancer Society and New Hampshire Task Force on Child Abuse and Neglect. Ms. LeBeck received a Bachelor of Arts in Nursing from Augustana College, a Master's Degree in Maternal Child Nursing from Boston University, completed the University of Texas at Arlington Post Master's Pediatric Nurse Practitioner program, and is certified by the Pediatric Nursing Certification Board.

**Was there an event or person who motivated you to go into nursing?**

My brother was born with osteogenesis imperfecta, and at the earliest age, I was assigned to be his playmate and "keeper". Then, as a teenager, my father was diagnosed with multiple sclerosis. We lived in rural America and had to learn how to take care of ourselves and our family members.

What motivated you to apply to be a member of the BON?

As a nurse educator, helping to prepare students with the knowledge, skills, and attitudes to become safe and competent nurses is something I take very seriously. Serving on the Board of Nursing is a means to extend that to the public.

How old were you when you decided that you wanted to become a nurse?

I was a teenager, around 17 years old.

What does a typical day of work include?

A hospital clinical day begins early: up at 4:30 AM to arrive at the hospital by 6:00 AM, where I would work with a group of up to ten students and patients. Some days include: classroom lecture, hands-on laboratory experiences, patient simulations with high definition mannikins, online or paper/pencil testing, tutoring, counseling, grading, preparation time, set-up and take-down time, and general office hours.

Is there anything in particular about your work that you find rewarding?

The most rewarding aspect of teaching is when you see the "light bulb go on" and the student is starting to get the big picture. I also enjoy running into graduates who are licensed and doing well in practice.

Now that you have an integral role in the regulation of nursing in Texas, are there issues that you see that need to be addressed in the field of nursing in Texas that have a special importance or significance to you?

Quality education programs are important and getting quality clinical learning is getting more difficult to access.

What would people be surprised to know about you?

In addition to nursing, I am also a musician with several years of training under an Austrian-trained University of Chicago performance master. I also love to read and quilt.

What is one thing that you wish more people knew about nursing?

Critical decisions are made by nurses every second of every day.

Ms. LeBeck assists Tyler Adair, a third-semester nursing student, with checking vital signs in the simulation lab.

NOTICE OF DISCIPLINARY ACTION

The following nurses had disciplinary action taken against their licenses. If you would like to receive additional information regarding the disciplinary action that has been imposed, please send your written request to the Texas Board of Nursing, Enforcement Division, 333 Guadalupe, Suite 3-460, Austin, Texas, 78701-3944.

Abbreviations in the Notice of Disciplinary Action Section

PTP	Privilege to Practice in Texas, also known as Nurse Licensure Compact Privilege, associated with the indicated state and license. States are abbreviated using the official two letter state abbreviations of the United States Postal System.
FNP	Family Nurse Practitioner
CNM	Certified Nurse Midwife

Reminder

When calling the Texas Board of Nursing and asking for a return phone call, please leave your full name, telephone number to include the area code, and a brief description of the request. Oftentimes, staff cannot understand the caller's name and telephone number because of cell phone connections. This may result in delay of returning a call or calls not being returned at all. For clarification, speak slowly and repeat the phone number, including the area code.

Did you know....

The Board of Nursing Customer Service Department offers *Live Chat* assistance via the BON Web Site available Monday through Friday from 8:00 a.m. to 5:00 p.m. for nurses who have questions about obtaining or renewing a nursing license. The online chat link is located in the *FAQs - Licensing* section:

www.bon.texas.gov/faqs-licensing.html

**Nurse Aide CE Requirements
Effective Sept. 1, 2013**

In the October 2011 issue of the *Board of Nursing Bulletin*, the *Legislative Update* included information on Senate Bill (SB) 795, which relates to continuing education requirements for nurse aides. Under SB 795, a nurse aide must complete a Department of Aging and Disability Services approved training program with at least 100 hours of course work. The listing expires every two years. In order to renew, a nurse aide must complete 24 hours of in-service education every two years to include geriatrics and Alzheimer's Disease training. SB 795 became effective September 1, 2011, but the Texas Health and Human Services Commission has until May 1, 2013 to adopt the necessary rules to implement the bill and nurse aide candidates and nurse aides are not required to comply with the new requirements until September 1, 2013.

Texas Board of Nursing Continuing Nursing Education Offerings

2012 Hosted Workshops: Protecting Your Patients and Your Practice

The Texas Board of Nursing (BON) will present four nursing jurisprudence and ethics workshops in 2012. These one-day workshops, entitled **Protecting Your Patients and Your Practice**, will be offered in Austin, Texas at the University of Texas at Austin J.J. Pickle Center, 3925 West Braker Lane, Austin Texas 78759. Mark your calendars now to attend one of the workshops.

Friday **Feb 24th***

Thursday **April 12th***

Friday **June 22nd***

Friday **August 3rd***

Registration forms are available on the BON website, www.bon.texas.gov, under *About the Board*, then *BON CE Offerings*. Attendance at the nursing jurisprudence and ethics workshops is not mandatory for licensure renewal. The cost of the workshop is \$109.00. The completed activity awards 7.0 contact hours.

2012 WEBINAR SCHEDULE

The Board will be conducting eight webinars this year. Registration forms will be available at www.bon.texas.gov, under *About the Board*, then *BON CE Offerings*. Attendance at these webinars is not mandatory for licensure renewal.

LVN Scope of Practice: What Every LVN, RN and Employer Should Know (New for 2012)

This webinar will be offered on four different days and is recommended for all LVNs, RNs, and their employers. Attendance at these webinars is offered at no cost. These webinars will be one hour in length and will provide an overview of the safe and legal scope of practice for LVNs in Texas.

Friday **Feb 17th** (11-12pm)
Friday **August 24th** (11-12pm)

Friday **June 29th** (11-12pm)
Friday **October 5th** (11-12pm)

Nursing Peer Review *
Monday **March 19th** (4-5pm)
(Approved for 1.0 CNE)
Cost: **\$25.00**

Safe Harbor *
Monday **May 14th** (4-5pm)
(Approved for 1.0 CNE)
Cost: **\$25.00**

Medication Safety
Friday **July 6th** (12-1pm)
Cost: **\$25.00**

Professional Boundaries
Friday **September 7th** (12-1pm)
Cost: **\$25.00**

For more information regarding the BON workshops or webinars, please call the Workshops Information line at 512-305-6844 or e-mail inquiries to workshops@bon.texas.gov.

*This continuing education activity was approved by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

NURSING EDUCATION.....(512) 305-6816

The purpose of the *Texas Board of Nursing Bulletin* is to disseminate information to nurses licensed by the State of Texas, their employers, health care providers, and the public concerning laws and regulations established by the Texas Board of Nursing related to the safe and legal practice of nursing. The *Texas Board of Nursing Bulletin* provides information on current issues and trends in nursing regulation, status of nursing education programs, information regarding licensure and nursing practice, and disciplinary action taken against licensees who violated the Nursing Practice Act.
